CARE AND MAINTENANCE BOOKLET

CARE AND MAINTENANCE

CAUTION AND MISCELLANEOUS

Routine Maintenance

- Sweep, dust mop, or vacuum (with hard surface attachment) your floor on a daily basis. Never use a vacuum with a beater bar.
- Use any pH-neutral good quality vinyl cleaner or a non-rinsing, biodegradable cleaner that leaves no residue or haze and requires no rinsing after application.
- Remove any standing water, pet urine and other liquids promptly.

Preventive Maintenance

- Use NON-RUBBER backed mats at all entrances to avoid discolouration from asphalt driveways or prevent dirt and grit from being tracked onto your floor. Rubber backed mats can discolour the planks.
- Use flat floor protectors (nylon or felt) on all furniture legs. Clean protectors periodically to remove grit that may become embedded and cause scratching.
- Do not drag or slide heavy furniture or objects across your floor to avoid scuffing and scratching.
- Do not use any dust cleaners as this may cause your floor to become slick or damage the finish.
- Do NOT use a steam cleaner of any kind.
- Do not use any abrasive cleaner, vinegar, oil soaps, harsh detergents, "mop & shine" products or wax (wax will not penetrate HERF ISOCORE® and will discolour your floor).
- Avoid spills of paints, dyes, or harsh chemicals.
- Clip pet's nails. Pets with unclipped nails may scratch your floor.
- Avoid long term exposure to direct sunlight. Use window treatments or UV tinting on windows.
- For office chairs and rolling furniture, use broad surface non-staining casters at least 51mm in diameter.

REMINDERS!

1. Retain your sales receipt.
2. Keep records of the style and run number of your floor. This appears on the end of the carton alongside the barcode.
